PROFESSIONAL REFERENCES

The following individuals have agreed to serve as professional references and can speak to my work, technical capabilities, and character. Please notify me before contacting them so I can let them know to expect your call or email.

Mr. Ranga Dayawansa

Chief Executive Officer

Hypen Holdings (Pvt) Ltd, Horana, Sri Lanka

Relationship: Direct supervisor on the industrial predictive-maintenance hardware platform (Nov 2024 – Aug 2025). Can speak to system architecture, PCB design, embedded sensor work, machine-learning model development, AWS pipeline implementation, and overall project ownership.

Phone: +94 71 151 7775 **Email:** ranga.dayawansa@gmail.com

Dr. Isuru Dassanayake

Senior Lecturer, Department of Electrical and Electronic Engineering

University of Peradeniya, Sri Lanka

Relationship: Academic supervisor and faculty advisor during BSc Hons in Electrical and Electronic Engineering (2020 – 2024). Can speak to engineering fundamentals, capstone-level robotics and control work (MPC + LiDAR), and academic performance.

Phone: +94 71 646 9764 **Email:** isurud@ee.pdn.ac.lk

Mr. Pubudu Yapa

Executive Engineer

Midas Safety (Pvt) Ltd, Awissawella, Sri Lanka

Relationship: Direct supervisor on industrial automation and PLC programming projects, including the production heat-transfer machine and double-drive panel design (Jul 2023 – Oct 2023). Can speak to PLC programming, electrical control panel design, and industrial deployment.

Phone: +94 74 338 8049 **Email:** pubudu.yapa@midassafety.com

Mr. Lahiru

CEO

Figmentum Robotics LLC, USA

Relationship: Direct technical supervisor on the children-interaction robot prototype. Can speak to my work on the LLM/STT/TTS conversational pipeline, vision-based educational games (math and spelling), audio and OCR simulation platforms, and ability to deliver production-grade Python code independently.

Phone: +1 (617) 8209492 **Email:** lahiru@figmentum.co

Mr. Ruwantha Hewage

CEO

Figmentum Robotics LLC, USA

Relationship: Co-supervised the robot prototype development. Can speak to my ability to work remotely across time zones, consistently meet deadlines, collaborate effectively with a distributed team, and handle complex system integration from hardware through software.

Phone: +94 77 105 3370 **Email:** ruwantha@figmentum.co

Mr. Ryan Duke

CEO

Figmentum Robotics LLC, USA

Relationship: Company CEO who oversaw project direction and deliverables. Can speak to my initiative, communication skills, ability to independently design and deliver complex embedded AI systems, and overall engineering professionalism.

Phone: +1 (415) 8940206 **Email:** ryan@figmentum.co
